

**Art Trek**  
(Ongoing programs)

*Art Trek* is an arts studio tour. A number of artists open their homes and private studios to the general public for the week-end after Thanksgiving when the Fall colours are usually at their peak. Maps of studios are available to allow the public to follow an arts trek through-out the city. The Trek takes place on the Saturday following from 10-6pm and on the Sunday from 12-5 pm. Well over 1000 people visit the studios over the two-day event with around 30 participating artists.

**What is the Purpose of the Program?**

The main purpose of this project is to allow public and tourists to experience art in a fresh and non-threatening way. By experiencing art directly through artists and their workplace, the public becomes more aware of why art is important and what goes into the production of art. It is also yet another opportunity to profile our artists to the community.

**Criteria/Application:** See link: <http://www.frederictonartsalliance.ca/activities.htm>

**Brochure including map of studios:** Available in August at the following link:
